Dear Craig

Please accept my sincere thanks and congratulations for the fantastic work you did with the students from Farnley Park on Wednesday. The students and I received a really valuable insight into the way learning in school can be applied to real-life business solutions. We were most impressed by the size, scale and complexity of the garments logistics operations at the Elite Group.

I hope this is the start of a long and successful partnership between the Elite Group and Farnley Park Maths and Computing College.

Yours sincerely

Bill
